- Staple the end of the screen to a cleat, the entire height.
- Pull the screen by stretching it as far as it will go to the next strip.
- Staple it every time you pass a corner until you return to the starting point.
- Do the same on the top of the aviary
- Cut the board for the opening
- Attach two hinges to it
- Attach the two hinges on 2 vertical cleats (over their width)
- Cut the screen over the entire surface of the opening
